Professional Summary

Computer Science undergraduate with hands-on project experience in Python programming, data analysis, data visualization, and dashboard development. Interested in Generative AI, software development, and data-driven problem solving. Currently pursuing a one-year Generative AI internship while developing practical technical skills through projects.

Education

Renaissance University 2025–2029
B.Tech in Computer Science Indore, Madhya Pradesh
Previous semester CGPA: 7.84/10

Class XII 90%
Class X 93%

Internship Experience

Generative AI Intern Ongoing
DebugShala, Indore, Madhya Pradesh

- Participating in a one-year internship focused on Generative AI and practical technical skill development.
- Building practical experience in Python, data analysis, data visualization, and dashboard development.
- Applying analytical and problem-solving techniques through project-based work.

Technical Skills

Programming: Python, JavaScript
Data Analysis: Pandas, NumPy, Matplotlib, Seaborn, Plotly
Visualization: Microsoft Excel, Power BI, Dashboard Design
Tools: Git, GitHub, GitHub REST API, Linux, VS Code
Testing: pytest, GitHub Actions
Web: HTML, CSS
Interests: Generative AI, Data Analytics, Software Development

Projects

Python Ecosystem Intelligence GitHub
Analyzed Python repository ecosystem data using data cleaning, normalization, aggregation, and visualization techniques.

Job Analysis Dashboard GitHub
Built an interactive Excel dashboard for job-market analysis using data transformation, PivotTables, PivotCharts, and slicers.

Air Quality Analysis GitHub Profile
Analyzed air-quality data and developed visualizations to explore patterns and communicate findings.

GitGuard – Git Repository Health Analyzer GitHub
Developed a Python utility to inspect Git repository status, analyze metrics, and generate health insights. Included automated tests and GitHub Actions integration.

Linux System Monitor GitHub
Created a Bash utility to monitor CPU, memory, and disk usage, with threshold-based alerts and historical snapshots.

Certifications and Professional Development

- AWS Academy Graduate – Cloud Foundations
- Generative AI Course – Ongoing

Languages

Hindi, English
